

DESIGN 1 Introduction

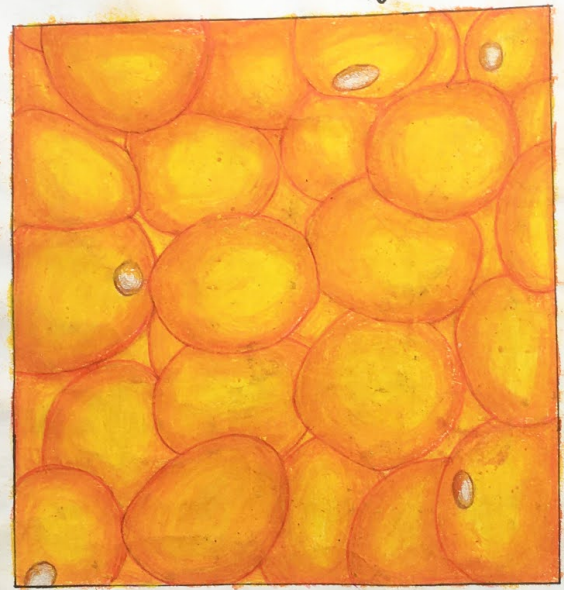

For the Externally Set Assignment Paper, I decided to do handphone casing design, specifically for Iphone 6s based on Question Fruits or vegetables pattern. I choose fruits for my subject matter for the design development. I took the picture of the fruits at Cold Storage.

HANDPHONE CASING DESIGN

Supporting studies: #1 - Handphone Casing
 Centre name: Tunarata International School
 Centre number: M54111 Candidate number: C065
 Candidate name: NUR AMIRAH SYASYA

fruits pattern

These are the sample of handphone casing designs research from the internet

used watercolour and outline with pen when recopy the designs

Pattern Exploration Idea

below are a few pattern ideas developed from the fruits picture

idea 2

idea 3

idea 4

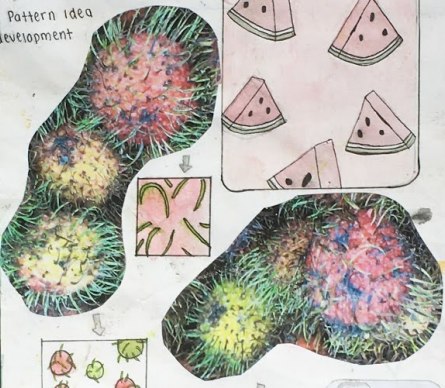

idea 5

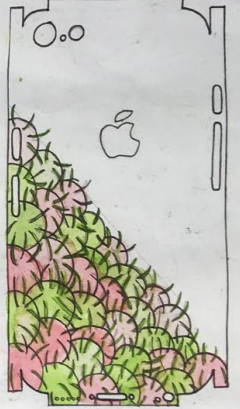

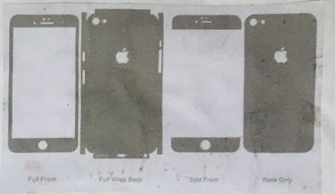

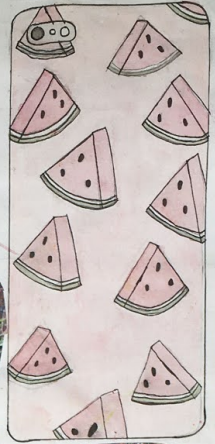

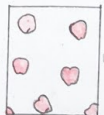

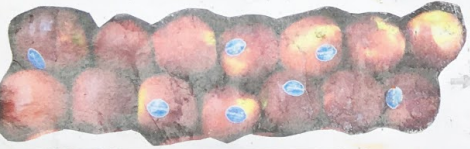

idea 6

rambutan
Pattern idea development

apple
pattern idea development

I experimented with my designs by putting them on the phone case template

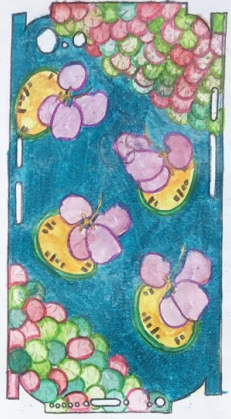

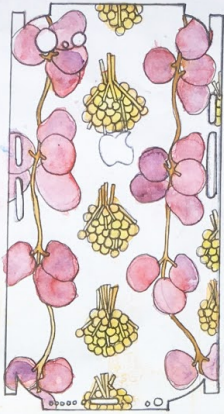

Idea development 1

By considering the pattern texture and colour, I tried to develop various design pattern to my smartphone casing design

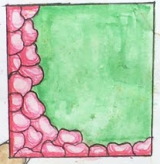

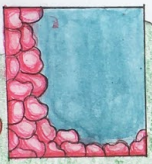

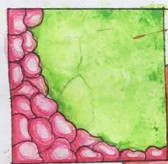

PATTERN and COLOUR
exploration of yellow
watermelon

Another good design I found from the internet

PATTERN and COLOUR exploration of apple

one of the research from the internet that I like

I tried to put my design into it

design ideas

from my subject matter
